Word Maker Square Introduction

Every word has a vowel in it. Many times there are more than one. When we learn the vowel sounds and teams it is much easier to read. The Word Maker square will help us to learn the most common vowel sounds!

To launch the Word Maker Square exercise open up the Index.html file within the Complete Square folder. From there the application will load in your browser.

Jaw Droppers (i, e, a) - name the vowel and sound,
